

NEW CAMSO EPIC 280

Adventure extreme powder

The Camso Epic 280 sets a new standard in deep snow mountain riding with its unique deep cup-shaped lug design. Its balanced 6-pitch lug sequence provides more track speed in deep powder and excellent floatation on the most challenging conditions. Turn your mountain adventure into an Epic ride.

DEEP SNOW

PACKED SNOW

AGILITY

Balanced track profile with a six-pitch lug sequence

Optimize track speed, reduced vibration and improved handling in deep snow

Stiffer columns design

Improves packed snow grip, riding agility and braking

Deeper 2.8" cupped lugs

Drive snow into their centres provide traction, floatation and all-out deep snow performance
